

Notice of Intent to Issue a Clean Air Act  
Minor New Source Review Construction Permit  
Title V Federal Operating Permit  
United States Environmental Protection Agency  
Region 6, Multimedia Planning and Permitting Division

Take notice that the United States Environmental Protection Agency (EPA) has received an application for a preconstruction permit and an operating permit that regulate air pollution emissions from the following source:

Gulf Landing Project Terminal - Permit No. R6DPA-GM3

The facility will be located approximately 38 nautical miles off the Louisiana coast in the Gulf of Mexico at the following coordinates:

Latitude: 29° 13' 16.5" N  
Longitude: 93° 16' 27.3" W

The mailing address is:

Gulf Landing, LLC  
1301 McKinney, Suite 700  
Houston, TX 77010

The Gulf Landing Terminal will be a liquefied natural gas receiving, storage, and regasification facility located offshore of Louisiana in the Gulf of Mexico. It will deliver a peak 1.2 billion standard cubic feet per day of pipeline quality natural gas for delivery to a downstream infrastructure. The facility is restricted by specific conditions to limit emissions to the following rates: carbon monoxide - 170.7 tons per year, particulate matter with a diameter 10 microns or less - 60.9 tons per year, oxides of nitrogen - 143.0 tons per year, volatile organic compounds - 50.0 tons per year, and sulfur dioxide - 5.6 tons per year.

This source is required to obtain a Clean Air Act Minor New Source Review Construction Permit in accordance with Title I of the Clean Air Act and an operating permit in accordance with Title V. The combined permit will contain all the Clean Air Act requirements that apply to the source.

Members of the public may review a copy of the draft permit prepared by EPA, the statement of basis for the draft permit, the application, and all supporting materials submitted by the source at the Calcasieu Parish Public Library (Central Location), 301 West Claude Street, Lake Charles, Louisiana, and at the Cameron Parish Library, 498 Marshall Street, Cameron, Louisiana. Copies of these documents can also be obtained at no cost at the US EPA Region 6 Web Site, <http://www.epa.gov/earth1r6/6pd/air/pd-r/gulflanding-gm.pdf> or by contacting Shannon Snyder, Environmental Scientist, 1445 Ross Avenue, Ste. 1200, Dallas, TX 75202, (214) 665-3134 or [snyder.shannon@epa.gov](mailto:snyder.shannon@epa.gov). All documents will be available for review at the US EPA Region 6

Library, Monday - Friday, from 9:00a.m.-12:00p.m. and 1:00-4:00p.m., excluding Federal holidays. When arriving at the Region 6 office, please proceed to 7<sup>th</sup> floor.

If you have comments on the draft permit, you must submit them on or before July 23, 2005. All comments can be submitted in either writing, FAX, or via e-mail. All comments and public hearing requests should be addressed to EPA, Region 6, Attention: Shannon Snyder, Multimedia Planning and Permitting Division, 1445 Ross Avenue, Ste. 1200, Dallas, TX 75202, (214) 665-3134, FAX 214-665-7263, or [snyder.shannon@epa.gov](mailto:snyder.shannon@epa.gov).

You have the right to request a public hearing on the draft permit. Requests for a public hearing must be made by July 23, 2005, and must contain your reasons for requesting a hearing. If a public hearing is granted, the comment period will be extended through the date of the public hearing. All comments received prior to July 23, 2005, and all comments made during a public hearing will be considered in arriving at a final decision on the permit. The final permit is a public record that can be obtained upon request. A statement of reasons for changes made to the draft permit and responses to comments received will be sent to persons who commented on the draft permit.

Persons wishing to be included on the mailing list for permit actions involving liquefied natural gas facilities in their areas should contact Shannon Snyder listed above. Written comments or written request for notification of the final permit decision regarding this permit may also be submitted to Shannon Snyder listed above.

If you believe any condition of the draft permit is inappropriate or that our initial decision to deny an application, terminate a permit, or prepare a draft permit is inappropriate, you must raise all reasonably ascertainable issues and submit all reasonably ascertainable arguments supporting your position by the end of the comment period. Any supporting materials that you submit must be included in full and may not be incorporated by reference, unless they are already part of the administrative record for this permit proceeding or consist of State, tribal, or Federal statutes and regulations, EPA documents of general availability, or other generally available referenced materials.
